Transform 66 Outside the Beltway

Centreville Area Construction Update Meeting

November 18, 2019
Tonight’s Agenda

- E.C. Lawrence Park access road
- Upcoming Traffic Pattern Changes
  - Route 28
  - Braddock Road
  - Route 29
- Partial Demolition of I-66 bridges over Route 29 Centreville

Please hold your questions to the end of the presentation or see project representatives at the boards.
Access to the athletic fields at E.C. Lawrence Park has changed to accommodate the removal of traffic signals on Route 28 between Westfields Boulevard and I-66.

A new park access road from Stonecroft Boulevard has been built to the north of the athletic fields (new address is 5000 Stonecroft Blvd, Chantilly, VA 20151).

Drivers should take the exit for Westfields Boulevard, turn left at the traffic signal to Stonecroft Boulevard, then turn right at the new park entrance.

More than 100 parking spaces have been added near the baseball and softball fields.

Park access will be enhanced when Stonecroft Boulevard is connected with Poplar Tree Road via a new bridge over Route 28 that is scheduled to open in November 2020.

Park entrance off of Route 28 will temporarily remain open for inbound traffic only. This entrance will permanently close in Dec. 2019.
Traffic Change from Route 28 North to I-66 East
Starting On Or About Nov. 20, 2019

- The ramp from Route 28 North to I-66 East will be relocated
- Drivers will continue further north on Route 28, turning right at the traffic signal for the ramp from Route 28 South
- Merge to join the existing ramp from Route 28 south to I-66 East
- There will still be two left turn lane from Route 28 South to I-66 East
- Drivers traveling south on Route 28 to the ramp to I-66 East should be alert for traffic merging into the ramp from the right
• Detour will be implemented in early 2020

• Necessary to complete bridgework for the new overpass that will connect Braddock Road and Walney Road over Route 28

• Allows for elimination of traffic signal on Route 28 North at E.C. Lawrence Park

• The traffic signal on Route 28 South at Braddock Road will remain

This detour will remain in place through November 2020
Drivers will continue on Route 28 North to the traffic signal at E.C. Lawrence Park athletic fields.

The current left turn lane and left through lane on Route 28 North will be converted to dual U-turn only lanes.

At the traffic signal, drivers will make a U-turn onto Route 28 South.

Continue on Route 28 South for approximately one mile to turn right onto Braddock Road.

Drivers will continue to have access to Route 28 South from Braddock Road.

The E.C. Lawrence Park entrance off Route 28 will be permanently closed prior to the implementation of this detour.

This detour will remain in place through November 2020.
Partial Demolition of I-66 Bridges Over Route 29
Bridge Decks Over Travel Lanes

- Demolition and reconstruction of the I-66 bridges over Route 29 will occur over several phases
- During phase 1 the outer portions of the I-66 bridges over Route 29 North and South will be demolished
- This will require lane closures on Route 29 under I-66 over two separate weekends
- This work will occur during overnight and daytime hours from 9 p.m. Friday, December 6 to 5 a.m. Monday, December 9
- The work will continue the following weekend during overnight and daytime hours from 9 p.m. Friday, December 13 to 5 a.m. Monday, December 16
Partial Demolition of I-66 Bridges Over Route 29
Remaining Bridge Decks and Abutments

- Partial bridge demolition of the I-66 bridge deck and abutments not directly over Route 29 lanes will begin on Monday, December 9, and last for approximately 3 weeks.
- No lane closures required on I-66 or Route 29 for this work.
- Work will occur during daytime hours weekdays only.
- Crews will not work over the Christmas Holiday (December 24 – December 25).

I-66 bridge deck over Route 29

Area previously demolished
Partial demolition of I-66 Bridges Over Route 29
Northbound Closure-Dec. 6-9

- Starting 9 p.m. on Friday, December 6, through 5 a.m. on Monday, December 9
- All Route 29 traffic will be shifted into a single lane in each direction on the north side of the median
- All ramps to/from I-66 will be right turn only
  - I-66 West, no left to Route 29 North
  - I-66 East, no left to Route 29 South
  - Route 29 South, no left to I-66 West
  - Route 29 North, no left to I-66 East
Partial Demolition of I-66 Bridge Over Route 29
Southbound Closure-Dec. 13-16

- Starting 9 p.m. on Friday, December 13, through 5 a.m. on Monday, December 16
- All Route 29 traffic will be shifted into a single lane in each direction on the south side of the median
- All ramps to/from I-66 will be right turn only
  - I-66 West, no left to Route 29 North
  - I-66 East, no left to Route 29 South
  - Route 29 South, no left to I-66 West
  - Route 29 North, no left to I-66 East
Route 29 North to I-66 East Detour
Starting Early 2020

- Left-turn lane and ramp to I-66 East from Route 29 North will close for approximately 4 months
- Ramp closure is necessary for bridge construction of the I-66 bridges over Route 29
- To access I-66 East, stay to the left and continue north on Route 29 to the intersection of Route 29 and Trinity Parkway/Machen Road
- From the left most turn lane only, make a U-turn onto Route 29 South
- Continue on Route 29 South to the exit for I-66 East

As alternate route, continue on Route 29 North to Route 28 North, stay to the right and follow signs to I-66 East
Remember!
Construction Zones = No Phones
