

Lee Highway Pedestrian Improvements

- Location: Fairfax County
- Anticipated Completion: 2021
- Requested Funds: \$1.3M

- Project Description:
 - Completion of missing segments of the pedestrian trail on the south side of US 29 (Lee Highway) from Nutley Street to Vaden Drive.
- Project Benefits:
 - Completes the missing gaps in the bike and pedestrian network along Lee Highway, providing improved access to Nutley Street south of I-66, the Cross County Trail, and other facilities.
 - Improves access to the Vienna Metrorail Station and provides greater access to the existing bus service and future I-66 transit service.
 - Allows more commuters to make trips by walking, biking, and transit instead of car, improving mobility on I-66 and other parallel facilities such as US 29 and US 50.
