

# VRE Manassas Line Capacity Expansion

- Location: Prince William County
- Anticipated Completion: 2023
- Requested Funds: \$128.5M

## ■ Project Description:

- Increases capacity of VRE Manassas Line by providing all trains with a minimum of 8 cars, and up to 10 cars based on demand;
- Acquisition of rolling stock and expansion of Broad Run Yard;
- Additional parking spaces at Manassas Park and Broad Run stations;
- Platform extension and improved access to existing surface lot at the Manassas station;
- Real-time VRE train arrival and seat/parking availability data.

## ■ Project Benefits:

- Provides more travel options, moves more people, and reduces congestion on I-66
