I-66 Outside the Beltway Project
Lane Closures and Traffic Changes
Week of March 15, 2020

What’s Happening

Transform 66 Outside the Beltway Project construction continues throughout the corridor during daytime and overnight hours as weather conditions allow.

Significant upcoming traffic impacts include:

- Demolition of Bull Run Drive bridge over I-66 East will require I-66 to be narrowed to one lane in each direction on Saturday night, March 14, in western Fairfax County. Both directions of traffic will use I-66 West for about one mile. Details
- Overnight ramp closures at: I-66 East to Route 28 North (March 15 and 16); I-66 East to 495 Express Lanes South (March 16-19); Nutley Street South to I-66 East (March 16-19); Route 123 North to I-66 East (March 16 and 21); and the two left-turn lanes from Route 28 South to I-66 East (March 17 and 18). Details
- Bridge pier construction will require overnight closures of three lanes on I-495 South near I-66 on Monday, March 16, and Tuesday, March 17.

Current activities include:

- Bridge demolition at Fairfax County Parkway (Route 286) and Bull Run Drive
- Constructing bridge foundations at Route 29, Route 28, Waples Mill Road, Jermantown Road, Route 123, Vaden Drive, and I-495
- Small charge dynamite operations along Route 28, I-66 East and West near Route 28, and I-66 West near Route 234 Business (Sudley Road)
- Bridge deck work for new collector-distributor road over Route 234 Business, expanded bridge over Compton Road, new Route 28 bridges over I-66, and new Poplar Tree Road bridge over Route 28
- Relocating water lines at Jermantown Road, Stringfellow Road, and Gallows Road
- Constructing new utility duct bank and relocating underground utilities along I-66 East
- Constructing retaining walls along I-66 and Route 28
The Transform 66 Outside the Beltway Project will add express lanes stretching 22.5 miles from the Capital Beltway to Route 29 in Gainesville, rebuild major interchanges along the I-66 corridor, create thousands of new park and ride spaces, and expand trail options for cyclists and pedestrians.
